💬 From Natalie, a T1D Mama

When my daughter Amara was diagnosed with Type 1 Diabetes at just 8 months old, our whole world changed. I went from mom to caregiver, nurse, carb counter, and pancreas overnight. I created this book to help you — and your little one — see what this new life looks like.

You'll find giggles, gear, routines, tough moments, and sweet victories. This is real T1D life — the highs, the lows, the juice boxes, and the hugs.

You're not alone. We're walking this path together.
And I promise — life with T1D is still sweet.

💬 De parte de Natalie, una mamá T1D

Cuando mi hija Amara fue diagnosticada con diabetes tipo 1 a los 8 meses de edad, nuestro mundo cambió por completo. Me convertí en mamá, enfermera, cuidadora y páncreas, todo al mismo tiempo — aprendiendo, preocupándome, y amándola con todo el corazón.

Creé este libro para ayudarte a ti — y a tu pequeño/a — a ver cómo se ve esta nueva vida.

Aquí encontrarás risas, equipos médicos, rutinas, momentos difíciles y pequeñas victorias.

Esta es la vida real con T1D — con subidas, bajadas, cajitas de jugo y muchos abrazos.

No estás sola. Estamos en esto juntas.
Y te lo prometo — la vida con T1D sigue siendo dulce.
